

COMBINED ANNUAL TRAINING CAMP BY LOYOLA HIGH SCHOOL STUDENTS

The experience of camp was fabulous. It was held under the NCC department from May 2nd to May 11th, 2023, at Rajendra Nagar, the group head quarters of NCC Bhawan Patna -16. Students learnt a lot of things, and the most significant were unity and discipline. The experience was fantastic, as they got to learn things that we never observe in our day-to-day lives, how to be productive in their daily routine rather than spending time on phones and social media by sleeping early at night and waking early in the morning before the sun rises. The best thing about the camp was that it had the best officers, seniors, cadets, and staff who helped us in our hard times as the routine and rules of the camp were very new to us. The meals and snacks and the

medical facilities that were provided to students that made the trip easy to enjoy without any worries. These reasons motivated them to experience the golden period of camp once again. We would also like to thank our School, Principal, teachers, and our ANO Kaushlendra Kumar (third office in the NCC Naval Wing), who cooperated with us and gave us the golden opportunity to experience the camp and to build ourselves strong, bold, and disciplined.

Respect for Mother & Father/Role of Parents in our Life.

Gratitude to our Helping hands

Everybody is Equal, self-awareness acceptance enhances life opportunities.

Message from the Principal

This academic year (2023-2024) Loyola fraternity chose the theme "Nurturing Human Relationships" which is very vital to our life. As it is said we are social (Animals) beings therefore we interdepend on each other. The entire Loyola Family felt that the need of nurturing human relationships is the

utmost priority at this hour because somewhere down the line we have stopped looking at the other as our own brothers and sisters. We have begun to behave as if the whole world is only ours and there is no place for others. We have been progressing in all spheres of life so rapidly that we

have forgotten to maintain or develop a healthy and a lovable society. We are obsessed with technology so much that instead of giving a helping hand to the person who is in need we record videos and post it in the social media. Now we have stopped interacting with each other face to face instead talking through messages which do not convey personal feeling and there is no emotional bond. We have become mechanical and so we land in problems of depression, loneliness and mental wellbeing is at stake, etc. Unless we take it seriously, we will not be able to set it right therefore Loyola sees a ray of hope in these tender heart children who can become the game changers in turning around the world into a better place to live in. They are the ambassadors of love, peace, respect, justice etc. we are creating a platform for the students to display their point

of view and making them aware how important the other person is. We are trying to inculcate our young minds to love and respect the other. We are helping the children to feel that we all belong to one family called human family. Let us begin to see the other's point of view too. Let us get into the shoes of the other to experience other's life which will enhance our own quality of life and develop empathy towards the other. Every human being's basic need is to be loved by the other. Let us give this love to all so that there is nobody in this world who feels lonely and empty. If we are able to replace hatred with love, selfishness with sacrifice, helping hands and anger with smile I am sure the way the society is today will be different tomorrow. I wish all the best to my students and teachers who are making a difference

ROLE OF PARENTS IN OUR LIFE

Somebody has truly said that God cannot be everywhere so God created parents. Parents are the most precious gifts of God for children. They are the first teachers of our life. They teach us several survival plans so that we can take care of everything. They are precious gems, my parents are my whole world, I cannot imagine my life without them. They support me, help me and love me very much. We need to respect and love our parents. "One of the greatest titles in the world is parent, and one of the biggest blessings in the world is to have parents to call mom and dad." -Jim Demint. Parents provide good education, care, food, clothes, and financial support. The parents work for us every day and from our birth onwards they support us. They give beautiful gifts and new clothes during our birthday and festivals. Parents love their children more than children love their parents, parents will scold if we did any wrong and they also support us in our difficult times. "We never know the love of a parent till

we become parents ourselves." - Henry Ward Beecher We may take more time to feel their love. Parents are the pillars for success and failure so everyone should respect and love their parents. Parents share their experiences to us that are vital for our better life. Parents differentiate good and bad things for their child, encourage and inspire them to be a good human. They are my real heroes. I cannot imagine my life without them. I love my parents very much.

हमारे जीवन में माता-पिता की भूमिका

सर्वतीर्थमयी तासर्वदेवमयःपिता। मातरपितरं तस्मात् वयत्ननपूज्येत॥ अर्थात् माता सब प्रकार के तीर्थ के समान और पिता सभी देवताओं के स्वरूप हैं। इसलिए हमें माता-पिता की सेवा करनी चाहिए। यदि हम सौ वर्षों तक माता-पिता की सेवा करें तब भी हम उनका ऋण नहीं चुका सकते हैं। हमारे जीवन में माता-पिता का स्थान अत्यंत ही महत्वपूर्ण है। एक बालक अपने माता-पिता के बिना जीवन की कल्पना भी नहीं कर सकता है। हमें पृथ्वी पर लाने से लेकर हमारा लालन-पोसन, शिक्षा एवं अच्छे संस्कार सभी कुछ अपने माता-पिता से ही मिलते हैं। माँ प्रथम गुरु और परिवारही प्रथम

विद्यालय होता है। बच्चा जन्म के बाद जो कुछसीखता- समझता है, उस पर माता-पिता का गहरा प्रभाव पड़ता है। प्रत्येक माता-पिता अपने बच्चों के अंदर उच्च गुणों का विकास करते हैं तथा भविष्य के संघर्षों के लिए उसे तैयार करते हैं। अपने बच्चों की सुख-सुविधाओं एवं शिक्षा के लिए, वह अपने सुख सुविधाओं का भी त्याग करने को तैयार रहते हैं। माता पिता के आदर्शों, परिवार के वातावरण, सामाजिक एवं आर्थिक स्थिति का बच्चों पर गहरा प्रभाव पड़ता है। जैसे-जैसे बच्चे बड़े होते जाते हैं, माता-पिता का कर्तव्य भी बढ़ता जाता है। वे अपने बच्चों के सलाहकार और मित्र भी होते हैं। उनका सही मार्गदर्शन करके उन्हें जीवन में सफल बनाने का प्रयास करते हैं। प्राचीन काल से लेकर वर्तमान काल तक माता-पिता का स्थान कोई नहीं ले सकता है। एक प्राचीन कथा के अनुसार एक बार भगवान गणेश को पृथ्वी की परिक्रमा करने को कहा गया। तब उन्होंने अपने माता-पिता की परिक्रमा की और कहा कि हमारे संपूर्ण ससार तो माता-पिता ही हैं। अतः इनकी परिक्रमा से ही मेरी पूरी पृथ्वी की परिक्रमा हो जाती है। इस प्रकार हम माता-पिता के उच्च स्थान एवं उनके महत्व को समझ सकते हैं।

Parents play an irreplaceable role in shaping the lives of the children as the first educators and caregivers. Parents have a profound influence on their children physical, emotional & cognitive development. The significance of parents is undeniable as they provide their children with a foundation for success in all aspects of life. One of the most critical rules of parents is to provide children, love support and guidance from birth. Children rely on their parents for everything from feeding to giving emotional support and encouragement. Parents provide their children with a safe and nursery environment where they can grow and explore the world around them.

GRATITUDE

Gratitude is an emotion expression appreciation for what one has. It is a recognition of value independent of monetary worth. Spontaneously generated from within it is an affirmation of goodness. Research shows that people differ in the degree to which they are inclined to experience and express gratitude is said to exist both as temporary feelings and as a dispositional trait in both cases gratitude involves a process of recognizing, first that one has obtained a positive outcome and, second that there is an external source for that good outcome.

Parents are those who show real love to their children. Every person will get unconditional love from his parents only. With most cultured societies, the parents always take complete care to up bring their children. Also, they are the ones who help their child to overcome his or her depressing insufficiency and attributes. A child having good parenting, hardly ever fails in the life. Parents role have been a key factor in the success of many people. You may even notice numerous philosophers and world leaders, describing the role of parents in their lives. Parents provide countless things to their children besides being directly associated with their development. Without Parents, it might be really tough for anybody to have a superior life.

Parents play a pivotal role in their children's life. They are the pillars of support and guidance, no matter how old a child gets there is nothing more comforting and soothing than their parents arms. The role of parents in a child's life is beyond the idea of promoting parenting. There is nobody like them who can nurture the child's behaviour.

SUMMER CAMP

Summer Coaching camp was organized in our school from 21st to 31st May 2023. It was a wonderful, constructive and innovative summer camp for all the students. Different games like Basketball, Badminton, Football, Table tennis and Cricket were there. The purpose and aim to organize this camp was the development of basic skills and techniques of playing different games. In this camp all coaches were specialized in their games and sports and were well experienced to handle the students in a proper way while giving the training during the camp. Students enjoyed a lot during the camp and learned many new techniques and skills.

My heartfelt thanks to respected Bro Sunil, Vice principal and all the teachers for this unmatched experience and hard effort for organizing this wonderful camp. It was really very exciting and motivating session for each and every student.
